# Supporting Healthy Inclusive Neighbourhood Environments (SHINE) Launch Event

## SHINE Marketplace

The marketplace session is an opportunity for delegates to learn more about a particular issue, project or policy concerning health and inclusion in our neighbourhoods. The marketplace is run in two sessions so delegates will have the chance to attend two of the sessions listed below.

We will ring a cycle bell when you need to choose a new table!

The sessions are interactive with delegates provided with an opportunity for discussion. Each session is required to focus on the overarching question:

**'How can we grow and sustain healthier and more inclusive neighbourhoods?'**

	<b>STALL INFORMATION</b>
1	Healthy ageing: what are the challenges in neighbourhoods? Led by: Robin Means, Guy Robertson
